### Appendix 1-

#### **School Closure Home Learning Provision/ self- isolating home learning provision-**

- A resource pack of activities provided by school for you to complete with your child
  - On Face book staff will add daily activities and suggest links to websites that your child can access
- Reading - We hope that the children will be able to listen to at least one story each day. We suggest children should enjoy books for ten to twenty minutes each day. Ask the children open questions about the story as you are reading – sometimes questions with an obvious answer, sometimes questions where they have to deduce something from the text or express an opinion. This is something we do in Nursery every day and promotes active listening and inference skills whilst also developing their powers of expressive language
- Writing – Provide lots of opportunities for mark-making to improve fine motor control using a variety of pens, pencils, crayons, chalks etc, practise the correct letter formation for each of the sounds we have learnt, be able to write your name in recognisable letters in the correct sequence from left to right, be able to write down a given sound (adult says the sound, the child writes the correct one down), if your child is able to orally sound out CVC words, begin to attempt to write some CVC words.
- Speaking and listening - This is a key skill for all children and one that we have been working very hard on in Nursery this year. Children should practise answering questions in full sentences, remind children about eye contact and clear voices whenever they can. If your child's responses are grammatically incorrect, remember to repeat it back them correctly rather than asking them to say it again. Role play with toys, doing a commentary for a game or asking fun questions around the dinner table are great ways to promote confident speaking and listening.
